

Focus Friday

See Naperville one detail at a time!

What is Focus Friday?

Every other Friday, *Focus Friday* invites readers of the *NCTV17 News Update* to look a little closer at the world around them.

Each edition features a zoomed-in photo of a local building, object, statue, or other recognizable detail. Readers are encouraged to guess what it is, then click through to our website to reveal the full photo and discover a short story about what makes it special.

It's a fun way to engage the community, celebrate Naperville's personality, and shine a light on the details that make this city unique – with your brand in the frame every time.
